

## TÜV Rheinland Italia

- **Who we are**

TÜV Rheinland is a global leader in certification services and third party inspections, founded over 140 years ago. The Group has a worldwide presence in 69 countries with almost 20,000 employees. TÜV Rheinland inspects technical equipment, products and services, oversees projects and helps to shape processes for companies. Its experts train people in a wide range of careers and industries. To this end, TÜV Rheinland employs a global network of approved labs, testing and education centres. Since 2006, TÜV Rheinland has been a member of the United Nations Global Compact to promote sustainability and combat corruption.

### **Industrial Inspection & Expediting**

TÜV Rheinland covers inspection, QA/QC and expediting services related to industrial plants, projects and operation of industrial assets and installations with focus on non-regulated markets.

### **Custom Union (Ex Russia Gost)**

TÜV Rheinland covers all the activities related to the Euro Asian Custom Union with a main focus on industrial applications:

- Conformity Assessment related to Technical Regulation
- Technical Passport
- Expert Conclusion on industrial safety
- Sub-Suppliers Technical Supervision

### **Pressure Equipment & Plant Technology**

TÜV Rheinland covers certification and inspection with a focus on stationary and transportable pressure equipment such as pressure vessels, boilers, tanks and piping systems.

TÜV Rheinland performs Statutory inspection and certification of products (e.g. PED, TPED, ASME EN 1090, AD2000, ISO3834, 3.2, IBR, DOSH);

TÜV Rheinland also performs:

- Inspection and certification of welding procedures/processes
- Design approval and calculation
- Certification of welding personnel
- Inspection of welds
