

MASDAR FREE ZONE

Simon Lowe – Client Relationship Manager

- Today, the UAE has burgeoning sectors in **aerospace, information technology, tourism, healthcare, financial services, sustainability and renewable energy**
- Committed to maintaining leadership in the world energy market, Abu Dhabi is investing, incubating and establishing a new energy industry

“We must not rely on oil alone as the main source of our national income.”

“We have to diversify the sources of our revenue and construct economic projects that will ensure a free, stable and dignified life for the people.”

***The late Sheikh Zayed bin Sultan al Nahyan
Founding father of the United Arab Emirates***

- Masdar is mandated to expand the UAE's energy portfolio by **advancing**, **commercializing** and **deploying** future energy and clean technologies
- We operate across the industry value chain by merging **higher education**, **R&D**, **investment** and **large-scale clean energy development**

INNOVATION LIFECYCLE – S-CURVE

- The Masdar Institute of Science and Technology was established in collaboration with the **Massachusetts Institute of Technology**
- An **independent, graduate-level research university** dedicated to advancing renewable energy and sustainable technologies

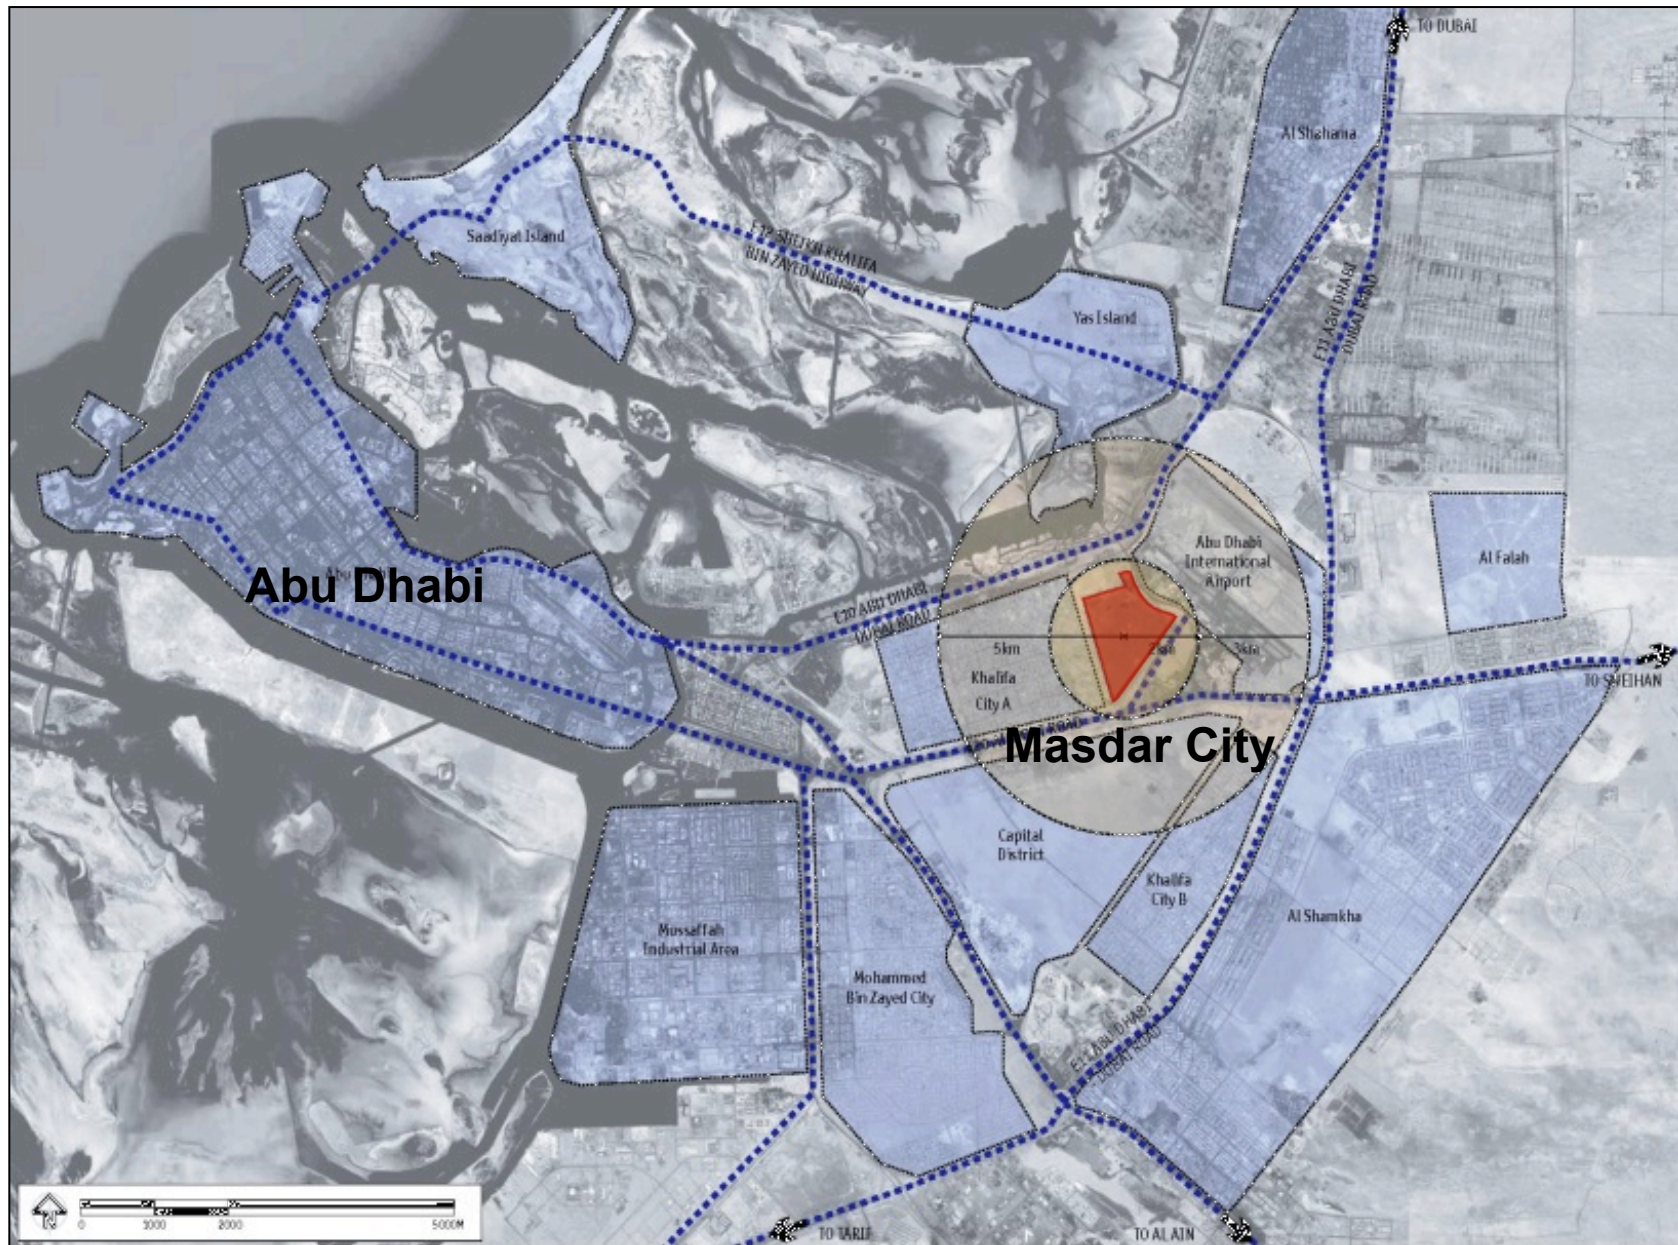

- Over **\$1.7 billion** of equity invested across renewable energy projects with a total value of over **\$6.4 billion**
- Investments deliver nearly **1GW** of clean power.
- Masdar's CSP portfolio accounts for nearly **10%** of global CSP capacity
- The domestic portfolio accounts for about **68%** of the GCC's renewable capacity

- ☼ Masdar City, powered entirely by renewable energy, is one of the **most sustainable urban developments in the world**
- ☼ A **cleantech cluster, free zone** and **investment zone** attracting companies to establish their operations in the Abu Dhabi
- ☼ Eventually we expect **40,000** people to be living in Masdar City
