

**Non sono cose da grandi  
Corporate Venture Capital e  
Open Innovation**

15 gennaio 2019

# GELLIFY WORLD

# COMPETENZE

# TECNOLOGIA

Vs.

# Corporate Venture Capital

CONSTRUCTION PRODUCTS (<50M€ revenues)

## CHALLENGE

Diversify the core business and detatch from real estate market dynamics

## WHAT WE DID

- ▶ Focus workshop to identify and select strategic area
- ▶ Identification of a potential acquisition:
  - ▶ Scouting in AI, Analytics, Energy Efficiency
  - ▶ Screening of potential targets
- ▶ Preparation of investment dossier for selected targets
- ▶ Integration plan for the acquired company

## RESULTS

One technology acquisition completed with Artificial Intelligence + IoT application

Appointed innovation manager enabled to perform further M&A

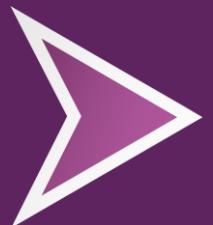

# Open Innovation

COFFEE MACHINES (<100M€ revenues)

## CHALLENGE

Introduce Industry 4.0 to enable artisanal production with a industrial like efficiency and quality

## WHAT WE DID

- ▶ Industry 4.0 Enablement workshop with the company and external guests (families and employees from a I4.0 champion):
  - ▶ Blue collars
  - ▶ White collars
  - ▶ Executives
- ▶ Process design for reccurring internal idea generation

## RESULTS

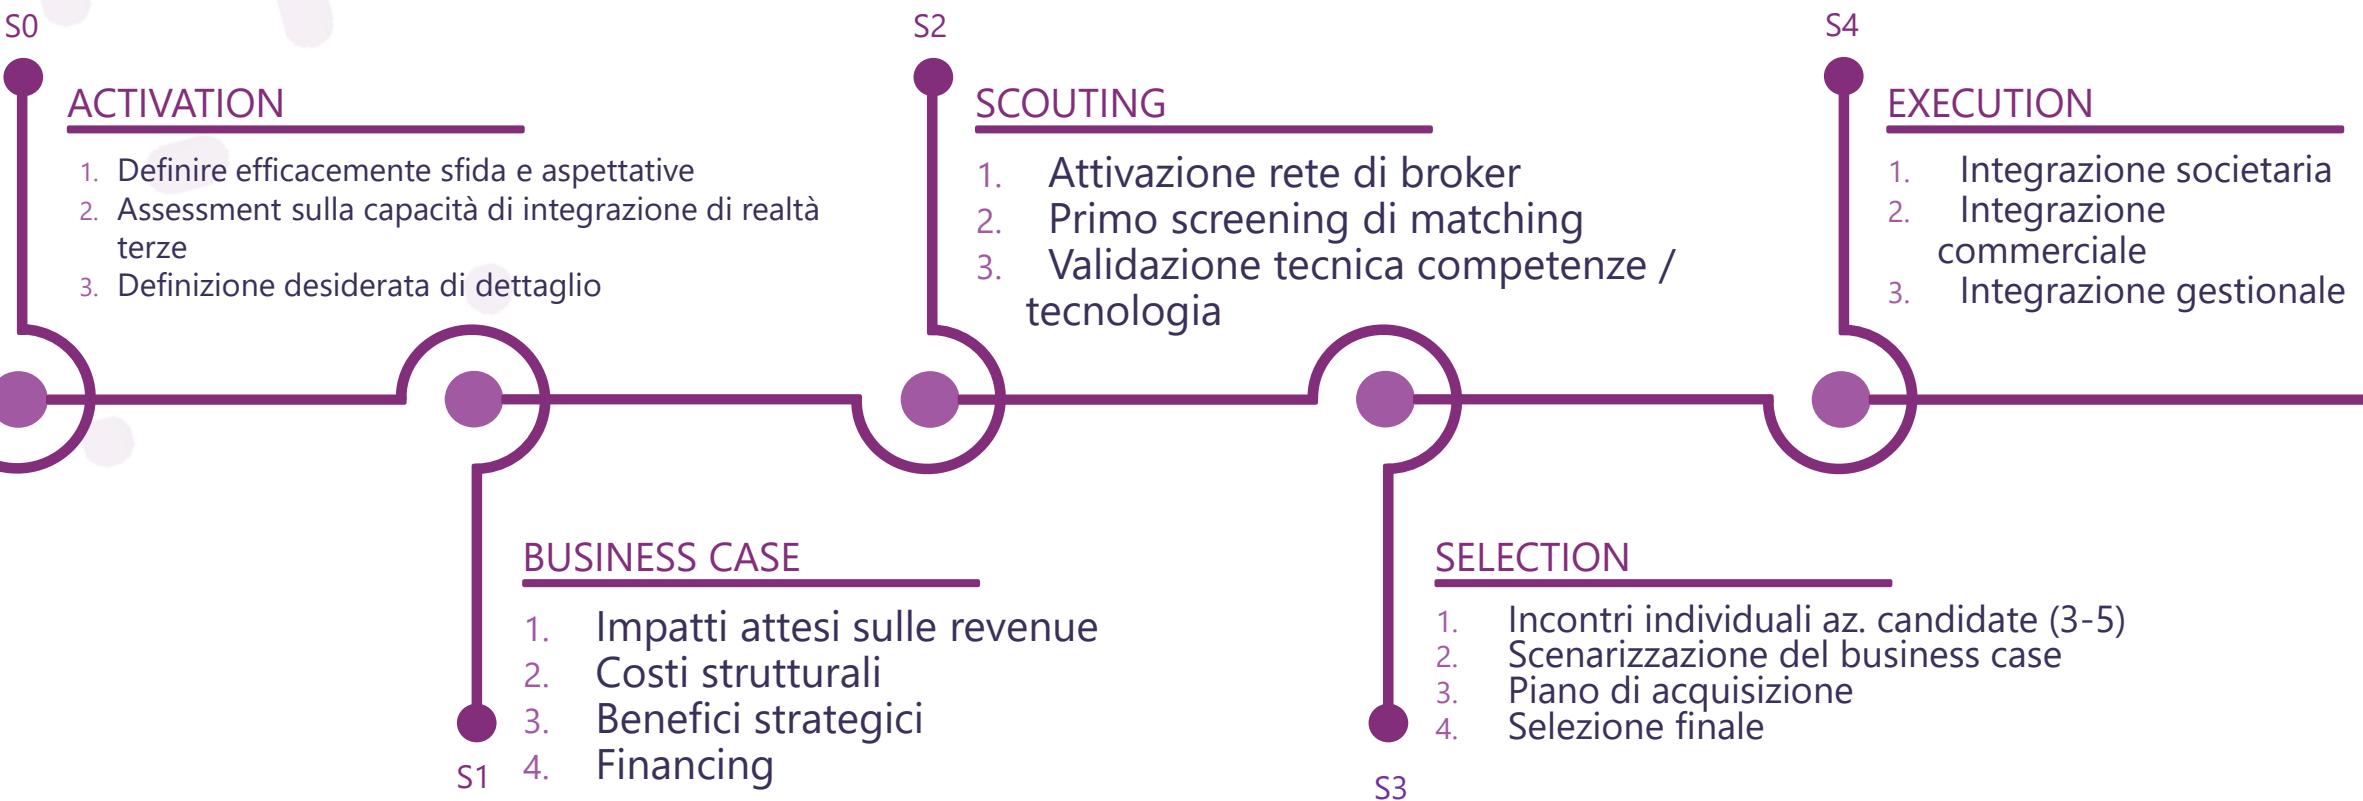

Quarterly idea generation process (20 ideas per iteration) in place

+3% OEE due to:

- ▶ Tool traceability
- ▶ Machinery lock/unlock
- ▶ Wearable gloves to collect the proper components for the project

# I PASSI

Dal prendere la decisione ai risultati

# Legge di Bilancio 2019

**FORSE CI SONO LE GIUSTE CONDIZIONI DI  
PRESSIONE**

A close-up photograph of a person's hands holding a translucent purple triangular prism. The prism is held vertically, with its edges catching some light, creating a bright outline against a dark, out-of-focus background of mountains and a body of water. The text 'GRAZIE' is overlaid on the upper portion of the prism.

GRAZIE
