

DAL CIN GILDO SPA

Since 1949 chemicals for wine & other beverages

ASSOLOMBARDA
Filiera Agroalimentare

Who we are

Founded in Milan in 1949, it mainly deals with wine chemicals and aids.

Several innovation and patents issued by DAL CIN R&D have been real benchmarks into the history of modern oenology.

The company has also successfully invested in several agriculture and industry sectors, with products made in two manufacturing plants in Concorezzo (MB) and Foggia, distributed by 5 branch-houses in Italy and several retailers in the world.
