

MANIFATTURA TESTORI SPA

FABRICS MADE IN ITALY

Who we are

Manifattura Testori since 1904 is the ideal partner for creating “made in Italy” design fabrics in aviation, railway and contract furnishings.

We offer consultancy from graphic design to the creation of prototypes through to the development of the final product including **all necessary certifications** and, on request, preparation of finished products.

Product description

The Company is specialized in **Transportation and Contract environments**, producing fabrics for seating, curtains, headrests, bed coverings and wall claddings in both 100% FR Polyester Trevira CS and Wool blends, as well as technical fabrics, faux leather, natural leather and carpets. We work to present to our customers new products and **technical concepts**, such as high-durability, vandal proof, machine washable, anti-stain and antibacterial fabrics.
