### Our Services

#### COSTING ASSESSMENT WORKSHOP

Our Costing Assessment Methodology Checks the Alignment of Customer's Costing System to the new Industry 4.0 Standards. Industry 4.0 **Automated Data Flows** represent a **big opportunity** for automotive Firms to **Enhance the Performance and Reliability** of their **Costing Systems.**

#### PLANNING & CONTROL SYSTEMS DEVELOPMENT

Our Projects identify the Best Possible **Planning and Control Systems** for our Customers. We **clearly Identify and Set-up Links between Strategy and Production, Supply Chain Management, Quality and Information Systems** to realize **their Maximum Potential.**

#### PREDICTIVE ANALYTICS

We provide our Customers **Predictive Models, using Machine Learning** technology, to allow better **Simulations and What-If Analysis** for Budgeting, Sales, Production and Supply Chain Management.
