**NEUROTEAM**

**NeuroGoggles**

**NeuroModulazione non invasiva  
Strumenti e tecnologie  
Per il potenziamento cognitivo**

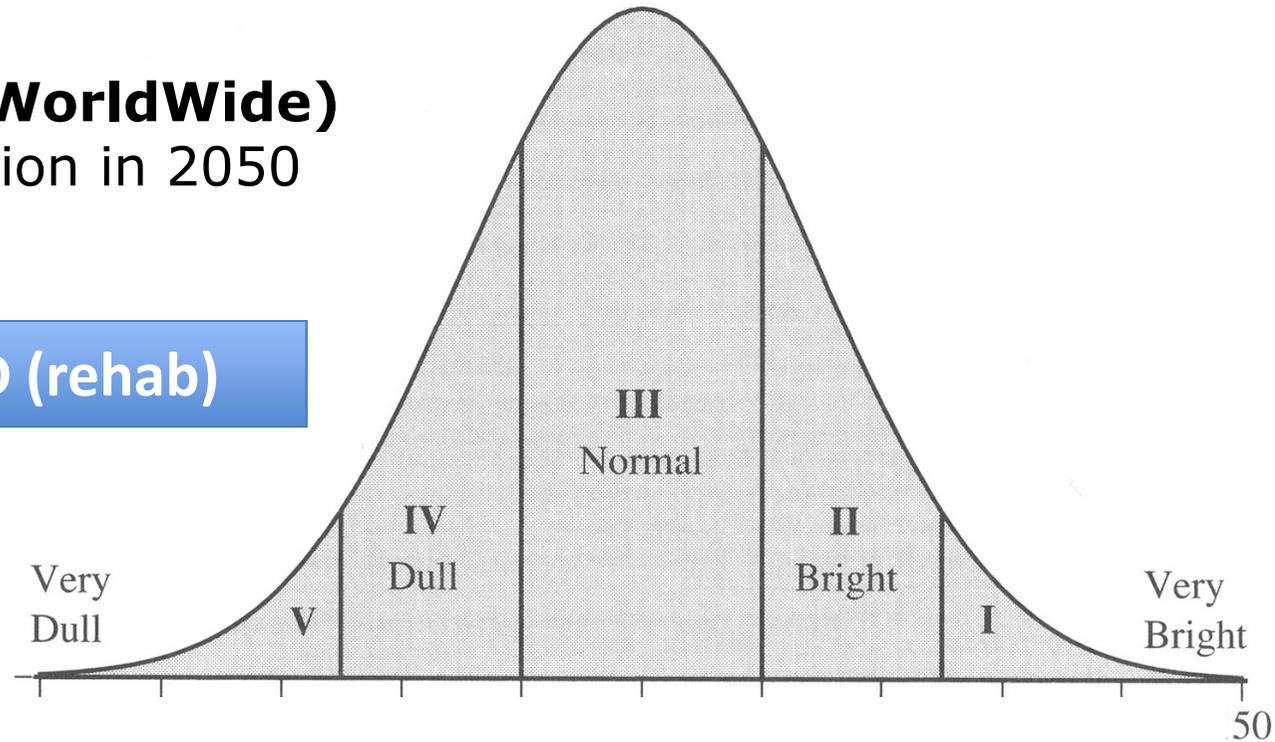

## **Cognitive Rehabilitation hub:**

- Stroke
- Alzheimers and other dementia
- Injury
- Depression
- Addictions
- Developmental diseases (ADHD)

# Cognition Market size

**Deficits (WorldWide)**  
>200 Million in 2050

# The foundation

NeuroTeam has been built on solid foundation:

- 20+ years in neuro-rehabilitation on several diseases
- First non.invasive neuro-modulation approach in patients
- > 100 scientific publications by the team

- Rehabilitation MUST intensively modulate brain
- Current Rehab services CAN NOT easily address a rapidly increasing market

# **NeuroGoggles: un esempio occhiali hi-tech e serious games per il trattamento di disturbi cognitivi in età scolare**

# PROBLEMA: DEFINIZIONE

## Bambini con deficit di attenzione e iperattività

Adulthood

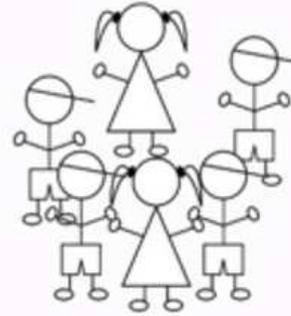

Childhood

Adolescence

# PROBLEMA: DIMENSIONI

**1 ogni 10  
soggetti  
affetti da ADHD  
(6-18 anni)**

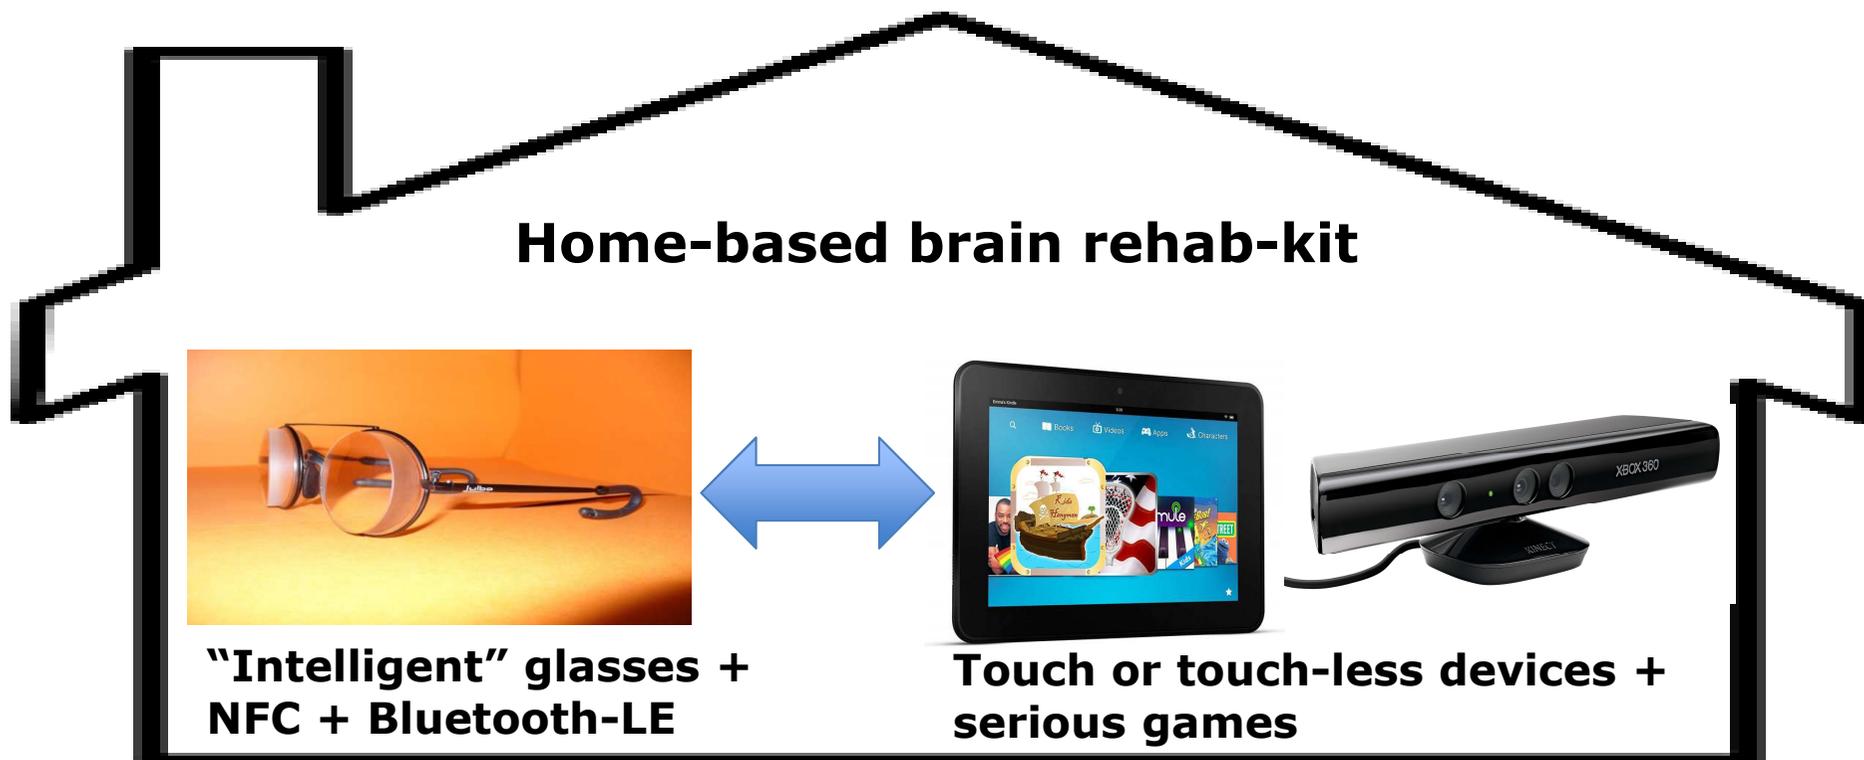

**350.000  
In Italia**

**700 M  
nel mondo**

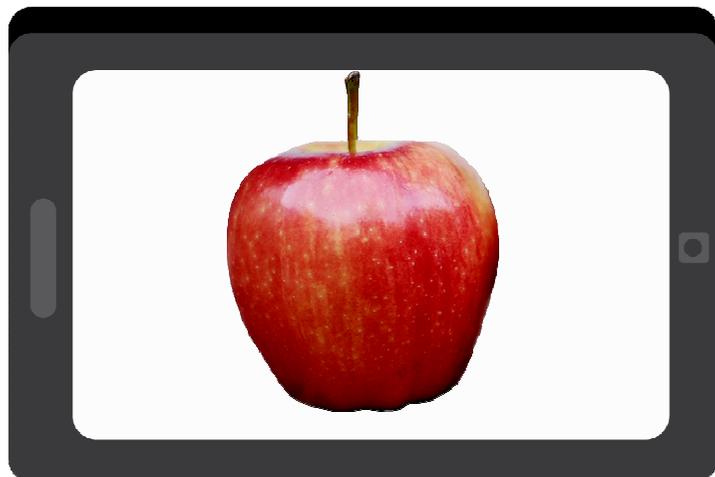

# Our solution: process change

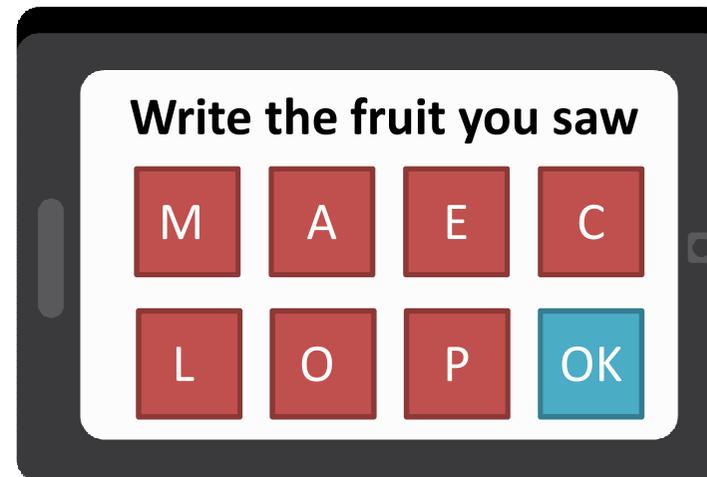

**... connected to service provider: customized service, prescription adherence + monitoring**

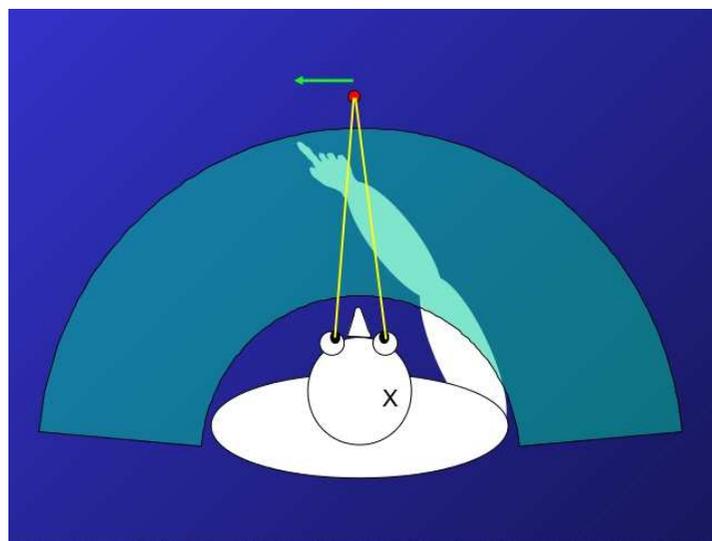

# Our solution: the protocol

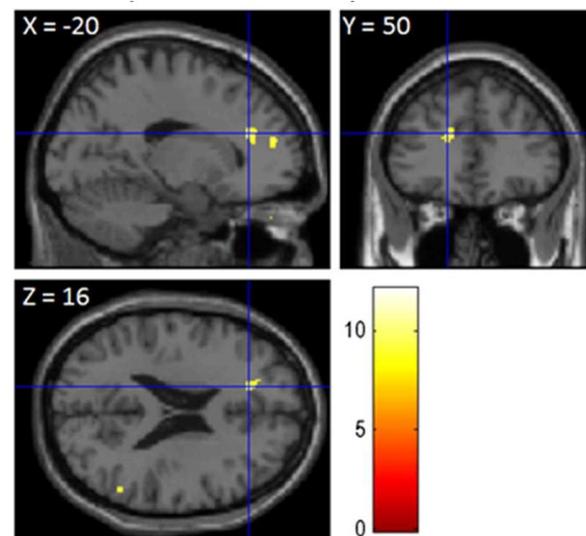

**Serious games**

**Stimulating different brain areas**

**With "body perturbation"**

+30%

**Impact on brain recalibration**

# Our solution: how it works

“Body’s perturbation” → Brain recalibration → > Brain Plasticity

## NeuroGoggles

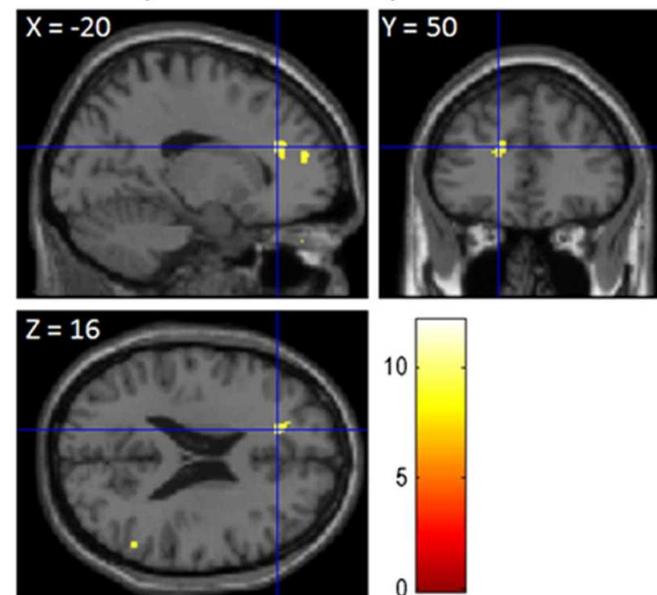

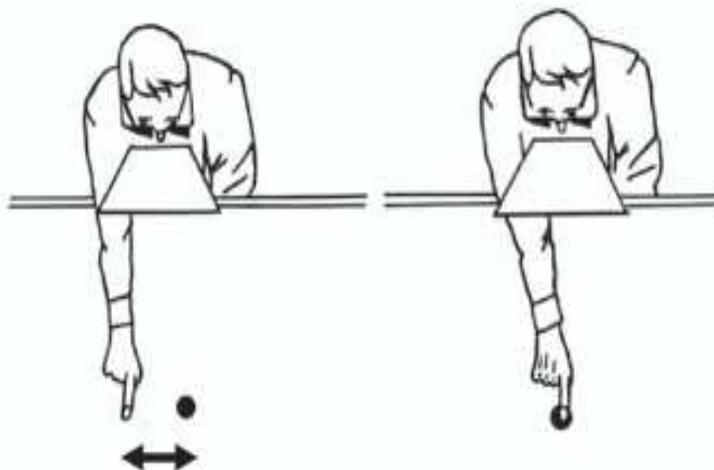

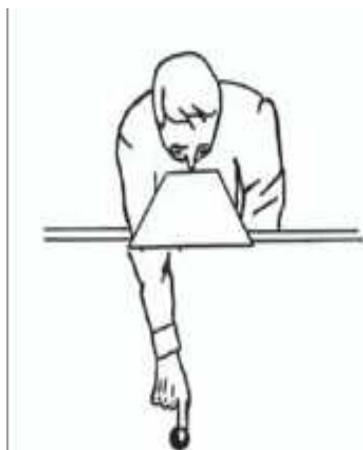

Induce a vision perturbation on the subject, which affects patient ability to interact with serious games + movement

Before exposure

During exposure

After exposure

# IMPATTO SOCIALE

**Spesa annuale per soggetto:  
15.000 €**

Brunetti (AUSL Modena), 2009

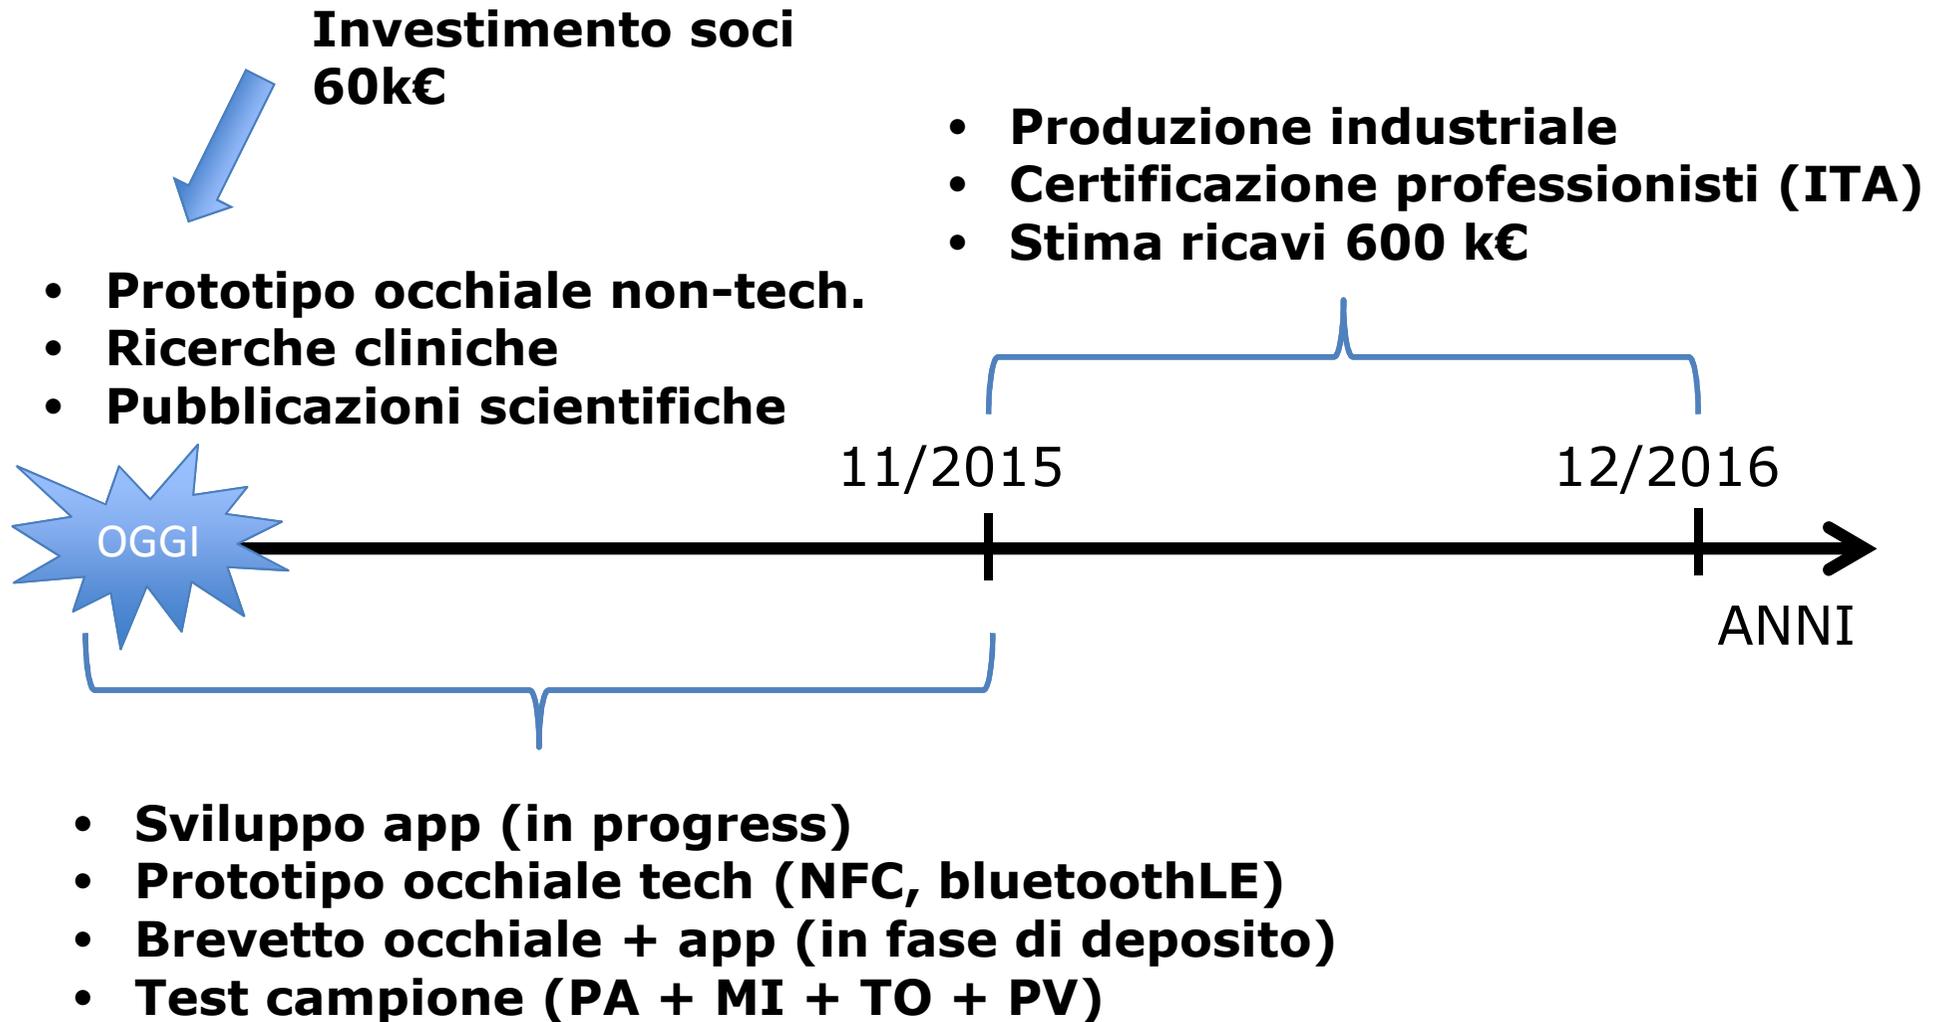

**Obiettivo a 3 anni:**

- **Riduzione spesa 20%**
- **5% target ITA**  
(18.000 soggetti 6-18 anni)

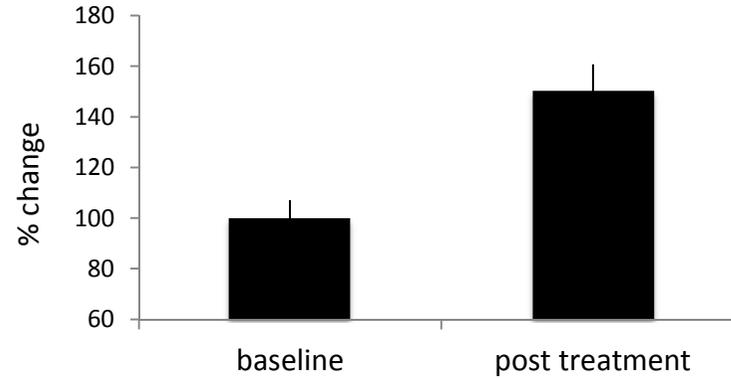

**Riduzione spesa  
complessiva nel  
triennio: 162 M€**

# STATUS E TIMELINE

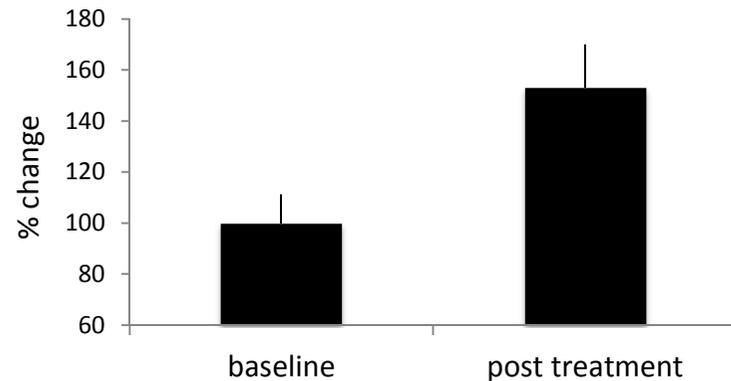

# Proven results on publications

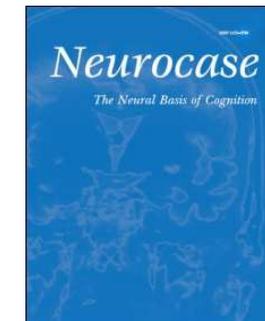

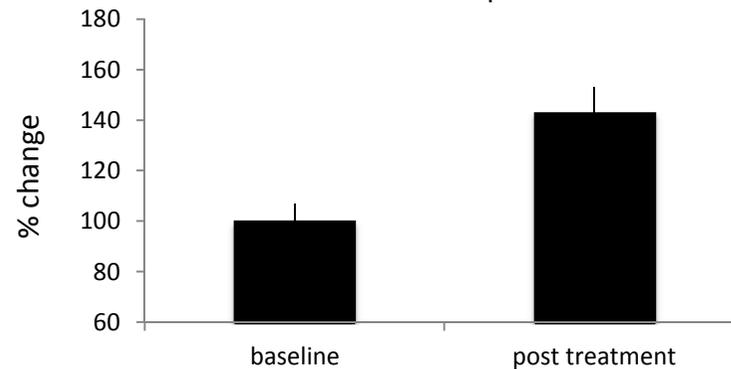

## Motor performance

## Attention

## Language

# MODELLO DI BUSINESS

**2 visite /settimana**  
**50 €/seduta**  
**6 mesi/anno per 2-3 anni**

**OCCHIALE IN ACQUISTO O  
NOLEGGIO OPERATIVO  
(kit occhiale+lenti < 50€)**

**LICENZA "PRO" TERAPISTA  
(ONE TIME FEE): 500 €**

**ABBONAMENTI:**

- APP: 10 €/mese
- TERAPISTA + 1 visita /mese  
(prevista riduzione trattamenti)

**FORMAZIONE E  
CERTIFICAZIONE CONTINUA  
TERAPISTI: 500 €/anno**

# TEAM E PARTNERS

**Technology partner**

## **SCIENTIFIC TEAM**

**Massimiliano Oliveri**

MD, PhD

CEO, Chief Scientist

**Top Italian Scientists**

## **BUSINESS DEV.**

**Bruno Conte**

Social entrepreneur

## **TECNOLOGY**

**Matteo Valoriani**

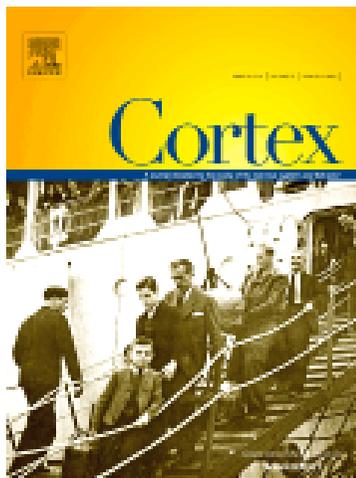

PhD, Computer Science

Microsoft Ambassador

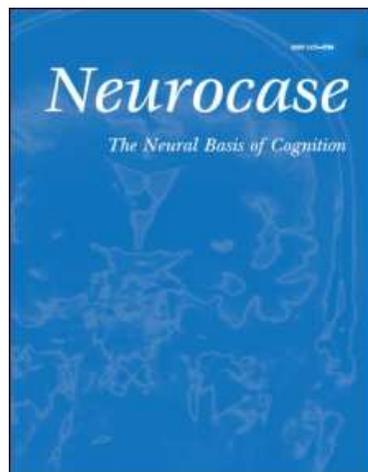

# UP-SELLING, market evolution

**Working on several cognitive-related diseases based on NeuroTeam scientific team publications**

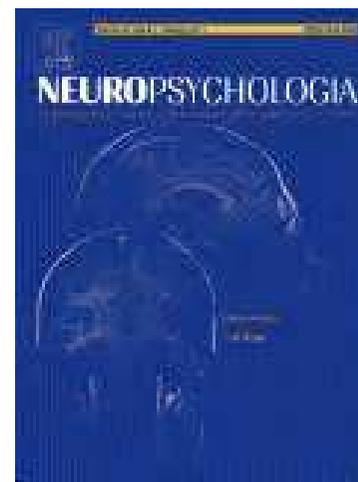

## **Memory (Alzheimer)**

## **Speech (Stroke, Dislessia)**

## **Motion (Parkinson, Stroke)**

# NEUROTEAM

**NeuroGoggles**

**THANKS**
