

INTERNATIONAL EXHIBITION AT THE LIFE SCIENCES BALTICS 2018 IN VILNIUS, LITHUANIA

LIFE SCIENCES BALTICS — A NEW DESTINATION WHERE LIFE SCIENCES TREND-SETTERS MEET

Life Sciences Baltics is the only international forum in the Baltics attracting entrepreneurs, scientists, leading industry players, decision makers, clinicians, end-users from all around the world with the interest in life sciences — biotechnology, pharmaceuticals and medical devices. During the two-days exhibition we expect more than 1,500 professionals from more than 30 countries. **Take the advantage of this occasion and position your company at the international exhibition for life sciences industry professionals.**

EXHIBITORS AT LIFE SCIENCES BALTICS 2018 WILL:

gain the visibility and increase its brand awareness in front of key industry players from the Baltic region and global participants

meet the decision makers and key executives at the biggest life sciences B2B event in the region.

be involved in receiving the latest life sciences insights in the international conference (key EU policy makers, trendsetters from leading global companies)
